

December 2008 - We've Introduced a New Referral Program: Refer and Save!

At glow Medi Spa, our success and steady growth has been largely due to our many happy clients who refer their family and friends. We want to thank you for helping us grow to become one of Toronto's best. As well, we would like you to have an incentive to send your friends to us. After all, you love coming to us, so why not share this experience with friends and family and receive a bonus for yourself for doing so! Help us help you to look and feel your best by taking advantage of this program today. Ask us for details.
